16.2.2 SecureNet (Cont'd)

In the event a facility break occurs in that portion of the service for which route redundancy could not be achieved, the Telephone Company cannot guarantee automatic restoration of the customer's service within 2.0 seconds and a credit as set forth for SecureNet in Section 2.5.6(B) (When a Credit Allowance Applies) and 2.5.7 (Service Assurance Warranty Schedule) will not apply.

(AT) SecureNet options are only available with MegaLink Custom Service, with electrical interfaces at the customer's premises. SecureNet options are available at those serving wire centers where equipment and facilities are available. Hub Redundancy and Serving Wire Center and Facility Redundancy will be provided in those serving wire centers found in the National Exchange Carrier Association, Inc. Tariff FCC No. 4. Technical specifications may be referenced in Technical Reference PUB76625 and in Technical Reference TR-INS-000342.

16.2.2 SecureNet (Cont'd)

SecureNet is provided with three options allowing for various levels
of self-healing capabilities.

(A) Hub Redundancy

This option provides automatic restoration and physical route
redundancy from the customer's premises to the customer's DS3/DS1
multiplexing hub in the event of a single loop, wire center,
interoffice facility or hub failure.

Hub Redundancy is only available for MegaLink Custom Service, with
electrical interfaces at the customer's premises, provided from a
customer's premises to a DS3/DS1 multiplexing hub office. The
MegaLink Custom Service must be equipped with a DS3 to DS1 Central
Office Multiplexing arrangement. The Hub Redundancy option
includes the multiplexing capabilities provisioned on the
secondary transmission path at the redundant DS3/DS1 multiplexing
hub office. The serving wire center and multiplexing hub may be
collocated. This option includes interoffice mileage for the
redundant facility.

(RT) Hub Redundancy is available where more than one exchange telephone
(AT) company is involved (i.e., jointly provided service) when those
telephone companies have agreed upon facilities and terms and
conditions of the jointly provided service.

16.3 Service Provisioning

16.3.1 Design Layout Report

At the request of the customer, the Telephone Company will provide to the customer the make-up of the facilities and services provided under this tariff as MegaLink Custom Service to aid the customer in designing its overall service. This information will be provided in the form of a Design Layout Report. The Design Layout Report will be provided to the customer at no charge, and will be reissued or updated whenever these facilities are materially changed.

16.3.2 Acceptance Testing

At no additional charge, the Telephone Company will, at the customer's request, cooperatively test at the time of installation, the parameters contained in Technical Reference PUB 76625.

In addition to the above tests, Additional Cooperative Acceptance Testing, to test other parameters not defined in Technical Reference PUB 76625, is available at the customer's request. Charges as defined in Section 13.3.7 (Special Access, MegaLink Custom Service and STN Rates and Charges) will apply. All test results will be made available to the customer upon request.

(AT) 16.3.3 Diversity

A customer may request that the facilities used to provide MegaLink Custom (DS3) services be specially routed. The regulations, rates and charges for Diversity are set forth in Section 27.

16.4 Rate Regulations

This section contains the specific regulations governing the rates and charges which may apply to MegaLink Custom Service.

The rates and charges in effect at the time the MegaLink Custom Service is installed and accepted by the customer are the rates and charges which will be billed to the customer requesting the service. The rates and charges in effect at that time may not be the same as those rates and charges in effect at the time the customer requests the service.

If the Telephone Company initiates rate changes resulting in a decrease of rates for an existing service with a 3, 5 or 10 year billing period, those rate changes will be passed along to the customer. Rate changes resulting in an increase of rates for an existing service with a 3, 5 or 10 year billing period will not exceed the original rate for that selected bill period. Rate changes may occur as a result of Arkansas Public Service Commission action.

- (AT) Rates and charges will be applied based on Pricing Zones as contained in 16.5. The Pricing Zone for each serving wire center is as specified in the National Exchange Carrier Association, Inc. Tariff FCC 4. Additionally, if the Channel Mileage crosses Pricing Zones (e.g., serving wire center 1 is in Pricing Zone 1 and serving wire center 2 is in Pricing Zone 2), the higher priced mileage rate will be applied to the entire channel mileage.

16.4.1 Rate Categories

There are four basic rate categories which apply to MegaLink Custom Service:

- Channel Termination
- Interoffice Mileage
- Service to Service Through Connect Arrangements
- Optional Features, BSEs and Functions

Interoffice Mileage provides for the transmission facilities between the serving wire centers associated with two customer designated premises, between a serving wire center and a Telephone Company Hub Central Office or, in the case of a Service Extension, between two Telephone Company Hub Central Offices.

There are two components of Interoffice Mileage.

(1) Interoffice Fixed

The Interoffice Fixed charge provides for the electronic equipment required to terminate an interoffice channel in the serving wire center(s) and Telephone Company Hub Central Office(s).

(2) Per Mile

The Per Mile charge provides for the electronic equipment and fiber optic cable necessary to provide the interoffice transport.

16.4.2 Nonrecurring Charges

Nonrecurring charges are one-time charges that apply for specific work activity (i.e., installation of service or change to an existing service). The types of nonrecurring charges that apply for MegaLink Custom Service are:

- Installation of service
- Installation of optional features, BSEs and functions
- Installation of service to service through connect arrangements
- Service rearrangements
- Moves

(A) Nonrecurring Charges for the Installation of MegaLink Custom Service

Nonrecurring charges apply for each service installed and are applied per DS3 or DS3 equivalent, per customer designated premises on a first and additional basis.

The initial DS3 or DS3 equivalent incurs the first nonrecurring charge for each channel termination associated with the DS3 or DS3 equivalent. The remaining DS3s or DS3 equivalents incur the additional nonrecurring charge for each channel termination.

In order to receive the benefit associated with ordering multiple DS3 or DS3 equivalents, the following criteria must be met:

- Same Access Service Order
- Same Application for Service Date
- Same Due Date
- Identical Services
- Same Billing Account Number (BAN)
- Same Two Service End Points

(E) Nonrecurring Charges for Service Rearrangements

Nonrecurring charges may apply for Service Rearrangements which are administrative changes to existing services which do not result in a change in the minimum period requirements or a change in the physical location of the point of termination at a customer designated premises.

The customer requesting administrative service rearrangements will be responsible for all billing associated with the changes requested.

(CT) A nonrecurring charge will apply per DS3 or DS3 equivalent on a first and additional basis for the following change or combination of changes requested by the customer on the same Access Order and will be charged as set forth in Section 16.5.8 (Administrative Charges).

- Change of Access Carrier Name Abbreviation (ACNA)
- Change of Billing Account Number (BAN)
- Change of Customer Circuit Identification (CKR)
- Change in customer of record

A change in the customer of record (i.e., existing access service is provided and billed to a different entity) is considered an administrative service rearrangement when the new customer assumes liability for all current and prior charges for the service(s) and has complied with the regulations and conditions as set forth in Section 2.2.1 (Assignment and Transfer of Facilities), preceding, and no physical relocation or rearrangement of the service is required.

When a change of customer name and change in billing data (name, address, contact name, or telephone number) are requested in association with a change in the customer of record, the Access Order Charge will apply as set forth in Section 5.3.1 (Access Order Charges) preceding.

Certain administrative changes will be made without charge(s) to the customer. These administrative changes are as follows:

- Change of customer name, (i.e., the customer of record does not change but rather the customer of record changes its name--e.g., ABC Communications to All Business Concepts Communications).
- Change of customer's or customer's end user premises address when the change of address is not a result of a physical relocation of the service.
- Change in billing data (name, address, contact name, or telephone number).
- Change of agency authorization.
- Change of customer test line number.
- Change of customer's or customer's end user contact name or contact telephone number.
- Change of jurisdiction.

(F) Nonrecurring Charges for Moves

Nonrecurring charges apply for the work activity necessary to provide a change in the physical location of a customer's premises or the point of termination at a customer's premises. The nonrecurring charges for move activities are further explained in Section 16.4.12 (Moves).

16.4.3 Monthly Recurring Rates

Monthly recurring rates are charges that apply each month or fraction thereof that MegaLink Custom Service is provided. For billing purposes, each month is considered to have 30 days.

Monthly recurring rates apply to the following rate categories.

(A) Monthly Recurring Rates for Channel Termination

The monthly recurring rates for Channel Terminations are based on the Channel Termination Volume Options and billing periods selected by the customer.

The Channel Termination Volume Options designate the number of DS3s or DS3 equivalents associated with the service. The volume options include quantities of 1, 3, 6 and 12 DS3s or DS3 equivalents

The Channel Termination charge also depends on the channel termination interface selected by the customer. A customer may select an electrical or optical interface.

Optical interfaces are provided on fiber facilities. When selecting an optical interface, the customer restates the bit rate (i.e., transmission speed) as an appropriate DS3 equivalent in order to determine the applicable rates.

To develop a Channel Termination rate for a quantity of DS3s or DS3 equivalents not contained in a Channel Termination Volume Option, the customer must specify the appropriate Volume Options which result in the requested number of DS3s or DS3 equivalents.

Example: A customer who wants a 5 year billing period for 7 DS3s from a premises to a Telephone Company Hub Central Office may choose the following Channel Termination Rates:

A 5 year Electrical Channel Termination Volume
Option of 6 DS3s

plus

A 5 year Electrical Channel Termination Volume
Option of 1 DS3

Electrical interface and optical interface Channel Termination Volume Options may not be combined on one request for service at the same customer designated premises.

The rate is developed by multiplying the number of DS3s or DS3 equivalents by the appropriate fixed charge based on the billing period specified by the customer.

(2) Per Mile

A Per Mile rate is based on the Channel Termination Volume Option and billing period selected by the customer and is applied on a per airline mile basis.

The volume Option utilized to develop the Per Mile rate must be the same as the Channel Termination Volume Option specified by the customer.

To calculate the appropriate rate, multiply the number of miles, as calculated in Section 16.4.7 (Determining the Interoffice Mileage), by the appropriate Per Mile rate, for the billing period selected.

The following billing periods are available for MegaLink Custom Services and associated optional features, BSEs and functions:

Month to Month

3 year

5 year

10 year

One month prior to the expiration of the billing period, the customer must select one of the following options:

- (1) Renew the service for a specified period of time as provided in this tariff under the regulations, rates in effect at the time of expiration of the existing service.
- (2) Elect to disconnect the service upon expiration of the billing period.

If a customer selects neither (1) nor (2) above, the current regulations, rates and charges for the Month to Month rate option will be applied upon expiration of the billing period. The customer's existing service will not be subject to the 1 year minimum service period after reverting to the Month to Month rate option.

The minimum service periods are as follows:

	MegaLink Custom Service	1 year
(AT)	Temp - DS3	1 month
	Service Extension	1 year
	SecureNet Options	1 year
	Central Office Multiplexing	1 month

When a service is discontinued prior to the expiration of the minimum service period, the applicable charge will be the total monthly charges for the remainder of the minimum service period or billing period whichever is greater.

Termination charges do not apply to Temp-DS3 service. In the event service is terminated after the minimum service period and prior to the end of the billing period, a termination charge utilizing the following termination percentage will apply:

<u>Billing Period</u>	<u>Termination Percentage</u>
3, 5 or 10 year	20%

The termination charge is based on the volume option selected by the customer.

The termination charge is calculated as follows:

monthly rate	x	months remaining in billing period	x	termination percentage
--------------	---	---------------------------------------	---	---------------------------

Example: A customer with a \$5,000 monthly rate terminates service with 10 months remaining in a 3 year billing period. The termination charge would be calculated as follows:

$\$5,000 \times 10 \times .20 = \$10,000$

The termination charge would be: \$10,000

16.4.7 Determining Interoffice Mileage

The mileage to be used to determine the monthly rate for the Interoffice Per Mile rate is calculated on the airline distance between the two serving wire centers for a service with two channel terminations, between the serving wire center and the Telephone Company Hub Central Office or, in the case of a Service Extension, between two Telephone Company Hub Central Offices. The serving wire center associated with a customer designated premises is the serving wire center from which the customer designated premises would normally obtain dial tone.

To calculate the appropriate mileage, use the V&H coordinate method, as set forth in the National Exchange Carrier Association, Inc. FCC No. 4. If the calculation results in a fraction of a mile, round up to the next whole mile.

16.4.8 Ordering Options and Conditions

MegaLink Custom Services are ordered under the Access Order provisions set forth in Section 5 (Ordering for Access Service) preceding. Also included in Section 5 are other charges which may be associated with ordering MegaLink Custom Service (e.g., Service Date Change Charges, Cancellation Charges, etc.)

Ordering, rating and billing procedures as set forth in Section 2.6 (Jointly Provided Access Services), preceding, will apply for MegaLink Custom Service where more than one exchange telephone company is involved (i.e., jointly provided service).

- (AT) Temp-DS3 customers must submit connect and disconnect orders at the time of initial service order. Temp-DS3 service may be extended once for a maximum of 30 days provided the customer notifies the Telephone Company at least 15 days prior to the established disconnection date. Extensions beyond this period will not be permitted.

16.4.9 Special Access Surcharge

Regulations for the Special Access Surcharge may apply for all jurisdictionally intrastate special access facilities as set forth in Section 7.2.5 (Surcharge for Special Access Service) preceding.
